What is special about the TaleGator?

The TaleGator® allows anyone the luxury and comfort of a relaxing seat that attaches directly to the truck’s tailgate. No other product on the market features seating for two individuals, two beverage holders and one food holder or multi use compartment. No other product on the market offers pricing that matches or beats ours. The TaleGator® is an outdoor fun product and its uses are tailgating at sporting events, hunting, fishing, picnics, and camping without having to haul or setup tables and chairs. Even contractors have found The TaleGator® to offer convenience in seating and protecting the tailgate from their tools. In addition, The TaleGator® is a green product and is 100% Recyclable.

Why do truck owners love the TaleGator?

People tailgate wherever there is a truck, even when they stop their vehicle at a gas station or any location venue when mother is shopping and father is entertaining the kids in the parking lot. We hear it all the time; nobody likes a hard metal tailgate. This is why they love the TaleGator:

- Convenient – always with you wherever you go; NO SETUP REQUIRED
• Affordable – less than \$100 retail
• Comfortable –contoured seat design with an air pocket in the bottom provides instant relief

TGIF - TailGating Is Fun!™

- Unique Design – no other product on the market has anytime seating for two, holders for drinks and food
- Easy to carry – very lightweight (approximately 6 pounds); lighter than any other product on the market
- Lower risk of maintenance due to no moving parts
- Painless, easy, & quick installation – 15 minutes with a screwdriver
- Trouble-free - eliminates carrying tables, chairs

Where is the TaleGator made?

The TaleGator is manufactured in Michigan, USA

What is TaleGator made from?

The TaleGator is vacuum formed (thermoforming) from ABS High Impact polymer. It is made from recycled material and is 100% recyclable.

Will the TaleGator fade?

No, it has a Korad Film added to protect it from sun damage.

How does it fit to the vehicle?

The TaleGator has two different methods for your convenience:

1. Self Tapping screws (more permanent)
2. Plastic Christmas tree push pins (less permanent)

Each TaleGator comes with full installation instructions for both methods.

Will TaleGator fit my vehicle?

The TaleGator fits the following pickup trucks: FORD, Dodge, GMC, Chevy, Toyota, Honda, Nissan, Mazda, Mitsubishi and others. The TaleGator's dimensions are 58 1/2 " W x 19 " D x 3 "H. It can be trimmed to fit smaller tailgate opening but **WILL NOT FIT** trucks with an opening smaller than 51" W x 17" D. When ordering indicate the size of your pickup truck tailgate and we will trim it for you or can use a Stanley Knife to trim it to the exact dimensions for medium size pickups. We are introducing a Compact Gator in 2011 to fit the compact-size pickup trucks.

What does NOT fit the TaleGator?

The Ford Ranger Flare side, the Ford Sport Trac, Ford vehicles equipped with a Tailgate Step, Chevy S10 Stepside, or any vehicle equipped with bed extend extenders or cargo systems located next to the tailgate.
